

These are Fusions Basic Folders where all the various sound data is stored in Sub-Folders

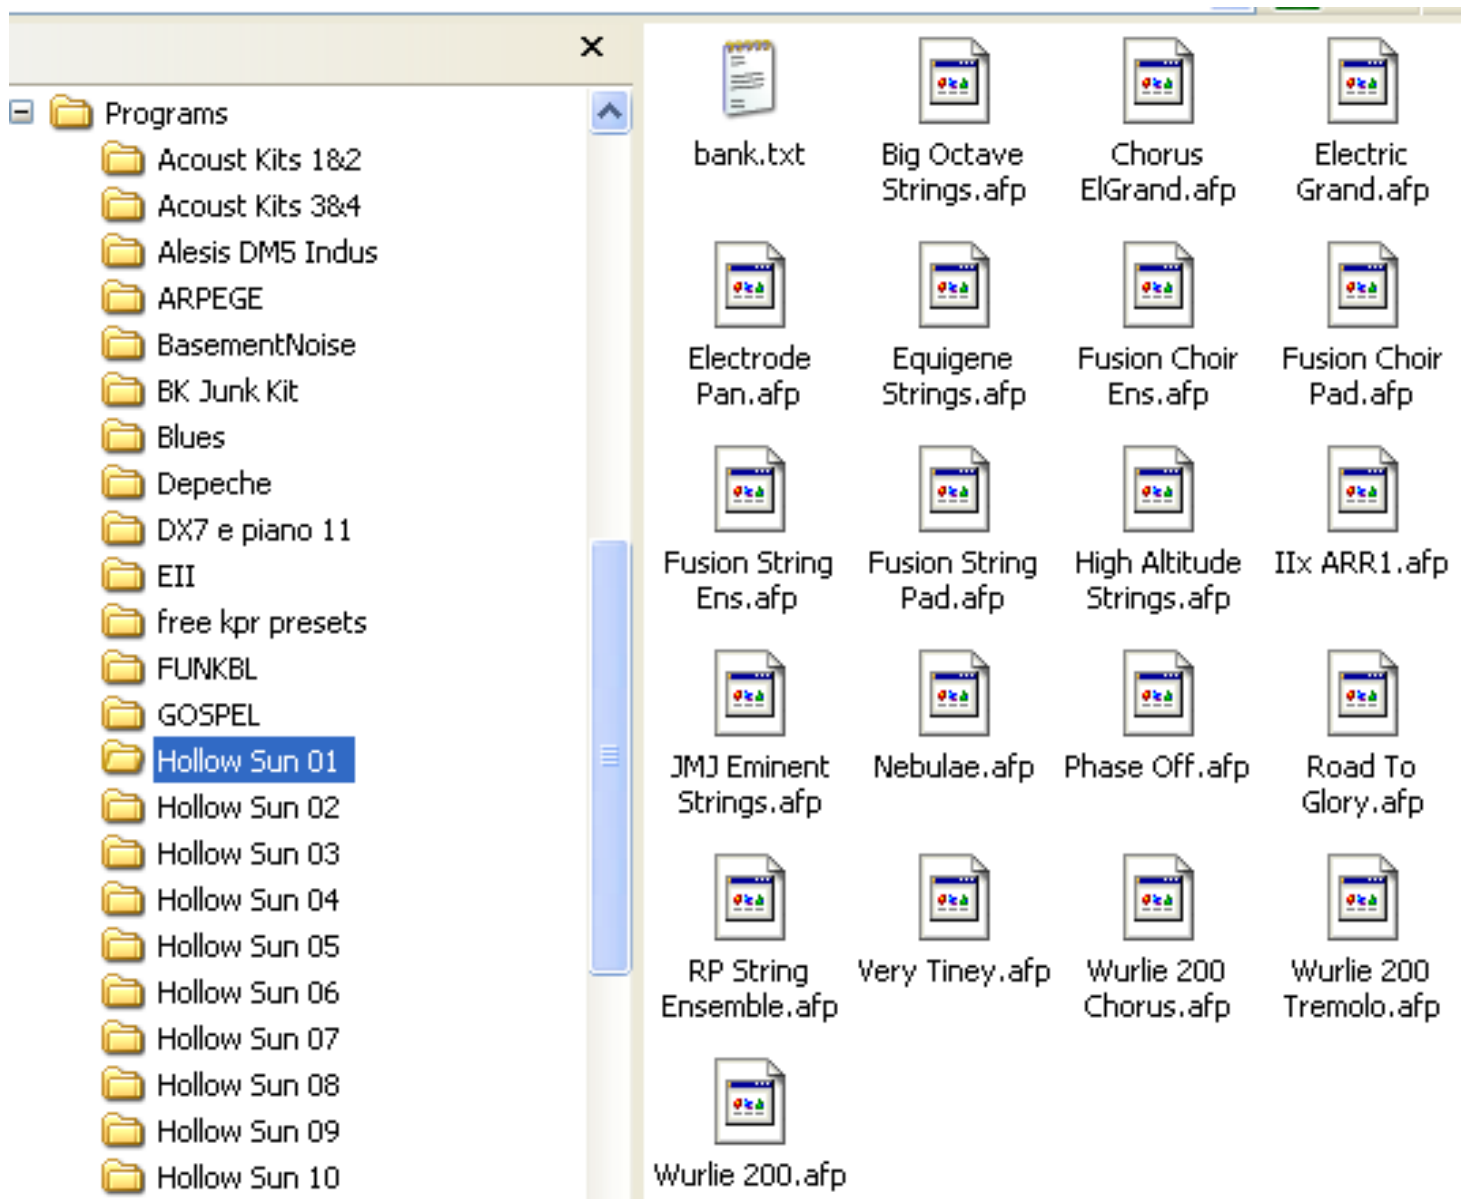

Sub-Folders Mixes, Multisamples, Patterns, Programs, Samples may contain Sub-Folders for Sound Banks for example my Programs Sub-Folder contains these Sound Bank Sub-Folders

The actual Programs reside in thier own respective Programs - Sound Bank Sub-Folder

For example the Sub-Folder for Hollow Sun 01 would contain the following Programs (files)

The Main Folder (Volume) contains Sub-Folders for (Audio, Mixes, Multisamples, Patterns, Programs, Samples, Songs and Tables)

Sub-Folders Mixes, Multisamples, Patterns, Programs and Samples have their own

Sub-Folders for each Sound Bank where the actual files for

Mixes, Multisamples, Patterns, Programs and Samples are stored.

Each Sound Bank has its own name and assigned location and does not replace any other Sound Bank.
